

ITI BOARD TAPS TWO NEW TRANSPORTATION LEADERS FOR MEMBERSHIP

- New Board Members Add to Growing ITI Leadership Team -

DENVER, CO, November 17, 2008 –The ITI Board of Directors recently elected two, new transportation industry leaders, **Michael J. Bruns** and **Christopher J. Connor**, to its prestigious Board. The ITI Board consists of more than 50 executives and leaders from the freight and passenger transportation industries and it is associated with ITI, the Intermodal Transportation Institute at the University of Denver. Its members serve three-year terms.

Michael J. Bruns is President of Comtrak Logistics, Inc., a \$190 million international drayage company, headquartered in Memphis, Tennessee, providing nationwide trucking and logistic services. In 2006, Comtrak Logistics was acquired by Hub Group, Inc. Bruns is an Honorary Fellow of the ITI and a participant in the ITI Intermodal Founding Fathers Oral History Program. **Christopher J. Connor** is President of Wallenius Wilhelmsen Logistics Americas, LLC, and CEO of WWL Vehicle Services Americas, Inc., based in Woodcliff Lake, New Jersey. In these roles Connor oversees all of Wallenius Wilhelmsen's deep sea ocean transportation, marine terminal, stevedoring, vehicle processing, and distribution management activities in North, South, and Central America.

“The ITI mission to promote the education of the next generation of transportation professionals for the global challenges of the 21st century through its Executive Masters Program is supported by a strong and effective board of transportation executives,” said George C. Woodward, ITI Board President. “The ITI Board welcomes the participation of Mike Bruns and Chris Connor to the board meetings and to the ITI programs.”

About ITI

The Intermodal Transportation Institute at the University of Denver offers an Executive Masters Program that awards a Master of Science in Intermodal Transportation Management from the University of Denver. This graduate degree program prepares transportation industry managers for the increasingly complex, global business environment where knowledge of finance, quantitative processes, supply chain, law, and public policy issues as well as freight, passenger, and intermodal transportation operational strategies are critical management tools for success.
