Wilmar International, Inc. Implements CargoWise ediEnterprise System

- Hosted Solution Key to Secure, Cost Effective Growth -

Chicago, IL USA, May 26, 2011 — CargoWise®, a globally recognized technology supplier for logistics service providers, has successfully completed implementation of its hosted ediEnterprise solution with customs broker and logistics service provider Wilmar International, Inc.

JD Martin, Vice President for Wilmar International, Inc. said: “We made the decision to use ediEnterprise, as it enabled our operations to run on a single system that handles U.S. customs, truck brokerage, forwarding and accounting. Since the application is hosted by CargoWise, it is fully expandable and customizable, so there will be no need to look for other software solutions as our business grows. This offers huge cost savings to our company by not having to upgrade servers and add more IT equipment to our offices. Our staff now has more mobility and can work remotely from anywhere in the world. This provides us peace of mind knowing our data is stored at a secure data center off site. Overall, CargoWise’s service has been exceptional. Though we are a small company, we have received personal attention from the very first phone call. Our sales representative, implementation team and support staff have all surpassed our highest expectations!”

“We are delighted to partner with Wilmar International,” said Gene Gander, Vice President Business Development – Americas for CargoWise. “Wilmar International truly understands the value of CargoWise solutions and services. Wilmar has a diverse product offering and the broad range of ediEnterprise modules manages everything for them on a single unified platform. JD Martin and the Wilmar team were very strategic in seeking a hosted solution; the company can now concentrate on its core competency of serving its customers while we deliver and manage their IT requirements. CargoWise’s hosted ediEnterprise application is an ideal solution for Wilmar International. We look forward to growing with them.”

ABOUT CARGOWISE®
